HEADS OTTAWA JUBILEE COMMITTEE

Hon. Herbert M. Marler, K.C., of Montreal, former member in the Mackenzie King Cabinet, has been chosen as the new chairman of the Ottawa committee for the celebration of the Jubilee of Confederation. It is understood that all celebrations in the capital will be national and not civic, and that the committee of which Mr. Marler will be the head will be selected by the government.

Local and General Briefs.

Clean-up day on Monday in Coleman was generally observed by the citizens, and a considerable amount of rubbish accumulated during the long winter has disappeared. The tourist camp in the Park was one of the places that failed to receive a "brush-up." It is present condition is a very poor advertisement for Coleman.

The annual meeting of the Coleman Rod and Gun Club takes place tonight (Thursday) in the Council Chambers at 7.30 p. m. Business to come before the meeting, election of officers, to consider advisability of holding a smoker for presentation of prizes won last year, and other matters.

Little Miss Prue Borden, daughter of Dr. and Mrs. R. P. Borden, entertained a number of her playmates at a party on Tuesday afternoon in honor of her 8th birthday anniversary.

The Anniversary Supper of the St Paul's United Church will be held in the Club Rooms on Monday, June 6th, from 5.30 to 7 p. m. Everybody welcome.

On Monday evening of this week, the two local Cub Packs at their regular gathering, choose their colors as follows: No. 1 Pack, Red Wolves; No. 2 Pack, Gray Wolves.

Coleman Lodge No. 117, B.P.O. E., are holding a whist drive and dance in their hall on Friday evening of this week. All Elks are invited and requested to bring their friends.

Don't forget the Bazaar, Pantry Sale and Tea, being held in the Opera House next Monday by the Women of Mooseheart Legion, also the whist drive and dance in the evening.

Capt. Watt, of the Salvation Army, has his forces all in readiness to start in Coleman the big drive for Self-Denial funds on Saturday of this week.

Mr. J. M. Allan purchased one of the new Pontiac Six Coaches from the Coleman Garage last week.

The Prince of Wales hotel at Waterton Lakes being built by the Great Northern railway hotel subsidiary is to open July 1st.

Mr. H. C. McBurney has recently added a large sun parlor to the front of his residence on Fifth street.

Local and Out of Town Artists Give Splendid Program

The Coleman Opera House on Monday evening was filled with musical enthusiasts who were not disappointed in the splendid programme given at the Salvation Army Musical Festival. This programme was of exceptional character and one of the best staged in Coleman for years.

The Bellevue Band was received amid great applause and Coleman has to get on its toes if we want to keep pace with this fine musical combination. The Goodwin Bros. rendered a very acceptable Quartette and William Goodwin's Saxophone solo was well rendered. Miss E. Cole's readings and songs were presented in real professional style, while little Jessie Gare's recitations were well received by the large audience. The Misses H. and E. McDonald thrilled the audience with their Pianoforte Duo, also Mr. Johnson with his Violin solo.

Mr. A. Phillips, a popular and talented local artist, held the audience spell bound as they listened to his lovely baritone voice. Mr. Phillips should be heard from more often.

Mrs. Robertson and Mrs. Bannan, of Blairmore, did credit to the programme with their vocal duet "Lovely Night," also Mrs. Bannan in her solo. Mayor W. J. Burns, acting as chairman, conducted the whole programme in a very able manner.

Capt. Watt, in thanking the Mayor and artists for their services, stated in what way the money raised would be expended, also reading a statement of the relief given in Coleman through the winter months.

Captain C. Watt, of The Salvation Army, wishes to thank all those who assisted in this Festival and helped to make it the financial success it was. The amount raised was \$78.00, and the Captain is very grateful for all the help received, also for the valuable publicity given the Self-Denial Campaign and Festival by The Journal.

Single Tax is Now Obsolete in the Province of Alberta

The new Town and Village Acts which were passed at the last session of the provincial legislature, have now come into force by the proclamation of the lieutenant governor in council, and became effective on Sunday, May 1st.

These acts received the official approval of Hon. R. G. Reid, provincial treasurer and minister of municipal affairs, prior to being proclaimed.

One of the outstanding features of both the Town and Village Acts is the compulsory assessment of buildings and improvements, thus discarding the obsolete single tax system of raising funds to carry on municipal government.

This new act also extends the voters' franchise to tenants of an assessed parcel of land and to their relatives in the person of wife, husband, son or daughter.

Irrespective of, and notwithstanding the Domestic Animals Act or any other act, the new Town Act empowers the town to pass its own laws and regulations governing the running at large or trespassing or impounding of poultry or other animals, and for the appointment of poundkeepers.

School Teacher—"Who freed the slaves?"

Girl Pupil—"Mother says it was the women who invented bobbed hair."

Board of Trade Meeting--Invite Mining Congress to Stop Off Here in Sept.

Meeting opened at 8.20 p. m. with the President in the chair and nine members present.

Moved by Mr. Rippon, seconded by Mr. Oumette that minutes be adopted as read.

A letter from the Superintendent, Canadian Bank of Commerce, was read stating that for various reasons they could not entertain our request for a new bank building in Coleman. Upon motion of Mr. McBurney, seconded by Mr. White, the letter was ordered filed and the President was given authority to pursue the matter further at a later date.

Mr. Gare, on behalf of the committee appointed to interview the Miner's committee, stated that they had offered the Board's assistance to that body and they had promised to consider the question at their next committee meeting, but so far as Mr. Gare knew, nothing further had been done. It was decided to await some word from the Miner's committee before finally disposing of the matter.

Moved by Mr. Rippon, seconded by Mr. Oumette, that the following bills be handed to the finance committee and if found correct, paid. Geo. Graham, \$3.00; Postmaster \$3.80; C. P. R. for telegram to Commissioner of Highways, \$5.00; Coleman Journal, \$3.75.

On behalf of an absent member the Secretary asked the meeting to approve of the Town formulating and putting into effect a garbage disposal by-law. Moved by Mr. Gare, seconded by Mr. Rippon, that the matter be tabled until we had more information regarding the matter.

Mailing Envelopes: The Secretary asked authority to purchase a supply of mailing envelopes, and upon motion of Mr. McBurney, seconded by Mr. Janoske, the Publicity Committee was instructed to (Continued on Page Eight)

All-Canadian Route Alberta to Coast Opens This Month

The long dreamed of and much talked about All-Canadian automobile highway from Alberta to the Coast is to be opened this month. Motorists from Alberta going to the Coast can travel over the All-Red Route through the Crow's Nest Pass to Kootenay Landing, take the boat to Nelson and then on by way of Osoyoos to Kamloops and over the new B. C. highway to Vancouver.

Basketry Course Next Week

The Basketry Course, under the auspices of the W. L., will be held in the United Church Club Room from May 17th to 19th, commencing at 10 a. m. and 2 p. m. each day. Each student will supply themselves with a sharp pocket knife, cutting pliers, knitting needle, scissors, note book and pencil. 12 inch rule and tape measure. Further information regarding this course may be obtained on phoning Mrs. W. L. Rippon or Mrs. J. Price.

Mother's Day Services Are Largely Attended

Mother's Day services on Sunday last at the United Church were of an inspiring and appropriate nature and drew large congregations at both morning and evening services. At the morning service Sunday School Supr., Mr. Jas. Fairburn, read the responsive reading from the order of service sheet, and the pastor, Rev. J. H. Bevan, led in prayer and gave an inspiring address befitting the occasion. Miss Gwen Dunlop ably recited "I Love You Mother" and the hymns and musical part of the service were all very appropriate and in keeping with Mother's Day.

Blairmore and Coleman Brother Bills Fraternize

A large delegation of local Elks paid a fraternal visit to their sister lodge at Blairmore on Tuesday evening of this week and made merry with Brother Bills of Blairmore at a most enjoyable smoker and musical evening. Blairmore Elks enhanced their reputation for hospitality by the splendid manner in which they catered to all present. A very fine program, consisting of instrumental and vocal numbers were rendered by Blairmore and Coleman Elks, while Bob Gray's "wheel of fortune" was an added attraction that proved highly popular.

The general consensus of opinion as expressed at this gathering is that these inter-lodge functions are a splendid thing, and arrangements have been completed to see that they become more frequent in the future than has been the case in the past.

Cub Packs Enjoy First Hike

Sixteen members of the Coleman Wolf Cub, under Cubmaster John Howarth, met at St. Allen's hall at 10 a. m. last Saturday morning in high gear ready for their hike. Each boy was well equipped with lunch and an abundance of hiking energy. They took the trail west and on reaching Sentinel made a camp fire and had lunch. Some of the boys went up Partridge Creek for a short distance, while others played games. Three of the more venturesome lads hiked on to the lake and were late in arriving home. Other than a few minor accidents such as falling into the creek, tearing their clothes, and receiving a few cuts and bruises, the members of the three patrols all arrived home safely and report having had a wonderful time on this their first hike, and are keen for another.

Born to Mr. and Mrs. W. Hopkins, 6th street, on Thursday, May 5th, a son.

BRITAIN'S NEW SEA LORD
Sir Charles Madden, Admiral of the British Fleet, has been chosen by the Government to succeed Earl Beatty as First Sea Lord. The appointment of Sir Charles Madden, who is described as a strong, silent man, came as a great surprise in naval circles.

Local and General Briefs.

There will be a whist drive and dance in the I. O. O. F. hall on Saturday evening, May 14th. Everybody welcome.

Last week the local branch of The Salvation Army received a handsome cheque of \$43.15 from the employees of the Power Cooperation of Canada, Ltd., Crow's Nest Lake, in aid of their Self-Denial Appeal fund.

The committee in charge of the Coleman Community Swimming Pool are planning to hold a mammoth dance in the Opera House on the evening of Friday, July 1st. The proceeds from this affair are to go towards reducing the committee's liabilities incurred in constructing the pool.

The Pathfinders are holding a Tea and Home Cooking in the United Church club rooms on Saturday, May 14th, from 3 to 5.30 p. m. Everybody welcome.

As will be noticed from an advertisement in another column in this issue, the Alberta Government Telephone Department are calling for tenders for the construction of a new exchange building at Blairmore.

Mr. F. G. Graham is having an addition built to the house on Second street which he recently purchased from Mr. A. M. Morrison.

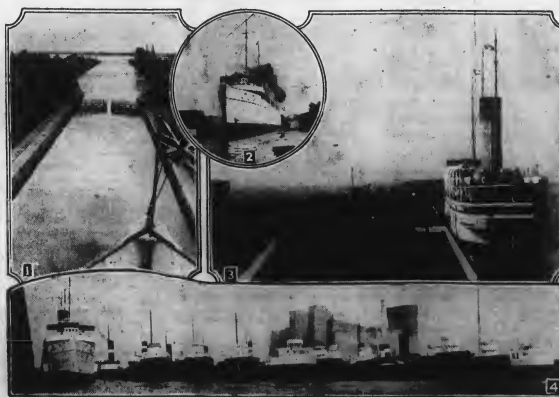

Mr. Geo. H. Snood has recently very generously donated a fine regulation football to the Coleman Boy Scouts Association. This gift is exceedingly appropriate just at the opening of the Scouts out of door sports, and both the Association and boys greatly appreciate Mr. Snood's thoughtfulness in making the gift.

Mr. Tom Perry, who has been attending the University at Edmonton, is spending the summer vacation with his parents in Coleman.

Mr. R. F. Barnes, who was called to Vancouver last Monday, owing to the illness of his father, returned to Coleman on Monday. Mr. Barnes many friends in town were sorry to learn that his father passed away on Friday last.

A large amount of drilling for oil is scheduled to take place in Alberta this summer, and operators are confident of proving the value of this province in this direction before the season is over.

Follows Route of Empire Founders

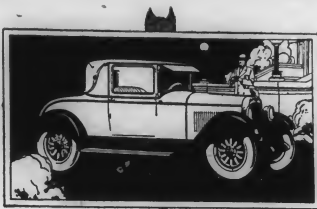

1. View of the lake at the "Sea." 2. The B. C. steamship looking through at Seal Bay. 3. Transferring from train to ship only takes a minute or two at Port McNicoll. 4. Port McNicoll's new harbour showing grain boats and elevators in the background.

Centuries before the railways, the automobile, the trolley car, or the aeroplane, the Great Lakes were the highways, and canoes the popular vehicles of transportation, exploration and conquest. Leaving Montreal, Quebec and other points, the great La Salle, Marquette, Hennepin, Radisson and Mackenzie, a gallant crew of explorers and adventurers, passed through the Great Lakes on their way to find Illinois, Indiana and other states of the Middle West. La Salle who went from Quebec to the mouth of the Mississippi and peddled his way back, made the Great Lakes his highway. He and his dauntless companions found and lost an empire. The hardships of these early explorers have been done away with in modern travel on the great Lakes but glamour or their expeditions and the beauty of their route still remain. Aboard one of the Canadian Pacific lake steamers like the Assiniboia or the Keweenaw in the heart of the continent, the fresh water sailor leaves Port McNicoll situated on the shores of the Georgian Bay, passes the entire length, through Lake Huron and the famous "Sea" canal and locks and into Lake Superior. The journey requires only two days and is through one of the most picturesque parts of the Dominion.

The Port McNicoll-Owen Sound journey, aboard the Manitoba is another delightful trip. The latter port is beautifully situated between two high walls of rock at the southern end of an arm of the Georgian Bay. This is one of the finest harbours on the Great Lakes. The journey from here to the "Sea" is beset with scenic beauty, along the rocky coast of the Bruce Peninsula that stretches away to the north towards Manitoulin Island. The great cliffs of this peninsula rise up over 100 feet from the deep clear waters of the Georgian Bay.

From Port William, one of the greatest grain centres in the world, the traveller may proceed westward across the prairies. Few transcontinental journeys can offer such a delightful diversion in travel as the Great Lakes trip. The traveller can board the steamers at Port McNicoll, travel one fifth of the way across the continent and then resume his rail journey at the head of the Lakes.

Now an Even Greater Car Scoring an even Greater Success

YOU know how all the resources of the original Pontiac ever introduced into priced sixes. You know the wildfire success that resulted.

But do you know that the present day Pontiac—at its new low prices, is a new and finer six—an even greater car that is scoring an even greater success?

It offers the added appeal of new Fisher bodies—longer, lower, roomier and finished in new and striking combinations of enduring Duco.

It embodies important mechanical refinements—tilting-beam headlights with foot control, new transmission and brake levers, oil-tight universal joints and a clutch even smoother in action.

It provides in full measure those basic Pontiac qualities that took all America by storm—those qualities of stamina, economy and long life which were developed by over three years' testing on the great General Motors Proving Ground!

Small wonder that the tide of public preference is turning to the Pontiac Six—as never before to another six in the low-priced field! PF 2420

B. C. Advertising Agency Established at Calgary

The Crawford Harris Advertising, an organization established 10 years ago by two British Columbia advertising men, David Crawford and Frank Harris, has just announced the establishment of a new branch office at Calgary, thus creating another link in its chain of offices and further carrying out the firm's intention of thoroughly covering Western Canada as an advertising field. The firm now operates offices in Vancouver, Victoria, Edmonton, Calgary and Winnipeg.

In establishing its Calgary office the firm has taken over the business of the Provincial Advertising Service. Reginald G. Smith, who formerly operated this service, will be manager of this office, and quarters have been established at 26 Land building, Calgary. In securing Mr. Smith as a member of its organization the Crawford-Harris Advertising Service has carried out the policy of building up a staff of trained advertising experts having intimate knowledge of every part of Western Canada. For 18 years Mr. Smith has been a resident of Alberta, and knows his field thoroughly.

Here and There

Nineteen ex-service men's families, sent out to Canada by the British Empire Service League, arrived at Quebec recently on the Canadian Pacific liner "Montrose." These families, totalling in all about 100 persons, have been carefully selected and have been given training at the Ministry of Labor's Training Farm at Brandon, Suffolk, England. The men will carry on farming in the Western part of the Dominion.

A unique "Seeing Canada" expedition will set out from Ottawa on August 4 this year to visit the principal points of interest in the provinces from the Atlantic to the Pacific. The party to make the tour will include a selected number of delegates to the World's Poultry Congress, to be held at Ottawa in July. Practically all the nations of the world will be represented, and the party will journey first to the eastern part of the Dominion over the Canadian Pacific lines.

Record wool clip and wheat output for the past year have placed Australia in a condition of prosperity that was never so great as at present, according to J. M. Myers, correspondent of the London "Daily Telegraph," when interviewed at the headquarters of the Canadian Pacific Railway in Montreal recently on his way from the Commonwealth to England. He estimated that the exports from Australia had probably reached a record figure.

Singing Tobacco-Grower to Feature Festival

1. Chateau Frontenac, Quebec, where Festival will be held. 2. Vincent Ferrier de Repentigny. 3. Madame de Repentigny. 4. One of the handiworks of Old Quebec.

For more than three-score years Vincent Ferrier de Repentigny has been singing. He sings in the morning while he is dressing, he sings while he works, he sings in the evening when he is sitting in the rocking chair by the kitchen stove. In fact, Madame de Repentigny asserts that it is not unusual for her good man to sing in his sleep.

Vincent Ferrier de Repentigny, by the way, is one of the best known interpreters of the French Canadian Folksong. He has the largest repertoire—357 songs, some dating back to the sixteenth and seventeenth century, when they were sung in the courts of France and by the fisher folk on the shores of Brittany. Most of these melodies de Repentigny learned from the lips of his mother, who remembered them herself as she sang them at the spinning wheel in the little farmhouse at St. Timothee where de Repentigny spent his youth. Other he learned from the shanty men during the winters he spent in the "woods"—good rollicking songs that were sung hundreds of years ago by the "voyageurs" who explored Can-

ada's rivers and forests in the early days.

De Repentigny comes of a family which stood high at the Court of the French Kings in the 17th century and is a descendant of the famous Madame de Repentigny who was really responsible for the introduction of handiwork into Canada. When in 1805 the French vessel "La Seine" carrying the annual cargo of Paris frocks for the Ladies of Quebec was captured in the high seas by the British, and these ladies saw themselves faced by the prospect of isolation for an indefinite time from the supply of new clothes, Madame de Repentigny, the social leader of the time, set the farmers at once to the sewing of flax and the breeding of sheep, and the women to the spinning of thread and the weaving of cloth.

De Repentigny is still as much in demand at social affairs as he was thirty or forty years ago. He is well-versed in the French population of the Province, and almost as well to the English. He will leave his farm in Beaubarnois county long enough to take part in the Canadian Handicraft and Folksong

Festival which is being held at the Chateau Frontenac in Quebec from May 20 to 22.

De Repentigny began life as a farmer and intends to spend the remainder of his days growing "tobacco Canadian," but he has tried his hands at many trades. He has spent several winters in the bush; for some time he was captain of a great lakes freighter; he has been a tailor, and is still the proprietor of a restaurant in Roumont. Yet he is a true "habitant" and there is nothing that appeals to him so much as a cozy little farm house somewhere in his native county, and a few good acres of healthy tobacco.

This big-hearted jolly fellow who has a smile and a handshake for everyone carries his sixty-nine year lightly. His voice is as strong as it was when he was a young man; his step as light. De Repentigny's grandfather lived to the great age of 108, his father was hale and hearty at ninety, and De Repentigny himself expects to sing all of his 857 songs many times over, and grow many pounds of good tobacco, before he joins his illustrious forefathers.

St. Paul's United Church of Canada

H. J. Bevan, Minister.

Bell Carillon For Ottawa

To Become Famous.

Will Ring Out For First Time on Dominion's Jubilee Anniversary, July 1st.

The carillon of 53 bells built at the bell foundry at Croydon, Eng., to be installed in the Victory tower of the Canadian parliament buildings at Ottawa, is the largest of its kind in the world. It is practically a sister carillon to the fine bells installed by the same firm, Gillett & Johnston, in the Park Avenue Baptist Church, New York, but whereas the New York Bourdon bell weighs 91 tons, the Ottawa Bourdon weighs 10 tons. The 53 bells extend through four and a half chromatic octaves from the Bourdon low "E" to the fourteen pound top treble, high "A".

Every bell is in tune with itself—that is, it has been tuned accurately on the five ton Harmonic principle. The whole carillon has also been carefully tuned to the scale of equal temperament, so that the performer can modulate from one key to another without offending the ear. Before Bach invented the "Scale of Equal Temperament" over 200 years ago, it was impossible to obtain this result in ordinary music, and until the last few years this refinement was unknown to the bell world.

The total weight of the bells is 53 tons, and the weight of the steel framework and fitting is about 22 tons. The inscription on the Bourdon bell is in English on one side and in French on the other; and around the top of the bell a continuous design of maple leaves has been moulded. At the special request of the Canadian government, the wording of this inscription has not yet been decided.

The clock mechanism is divided into three separate units, the "go-

ing train" driving the hands of the four fifteen feet nine inch diameter clock faces, while the "striking train" and "quarter train" are placed fifteen feet below, under the bells. The old fashioned clock weights are dispensed with and in their place powerful electric motors lift and release the enormous clock hammers. The carillon now on its way to Canada will be installed in time to peal forth on the anniversary of the Dominion's Diamond Jubilee, July 1st.

Here and There

More Clydesdales are on the way to Canada from Scotland. It is expected that the year's imports will run to 120, a record since the war.

Over a million Christmas trees have been shipped from New Brunswick to United States markets, according to unofficial estimates based on exports of some 500 carloads averaging 2,000 trees to the car.

About 150 French-Canadians from the Prairie Provinces travelling under the auspices of the "Survivance Francaise," arrived in Montreal by special Canadian Pacific Railway train at the Windsor Street Station recently to spend Christmas and New Year in the province of their origin.

According to a recent statement of R. W. Beatty, Chairman and President of the Canadian Pacific Railway, the record of the railway's common stock as at June 30th, 1926, indicates that 52 1/2 per cent. is held in Great Britain, 19 1/2 per cent. in Canada and 10 per cent. in the United States.

"All previous records have been broken by the salmon pack in British Columbia for 1926. It is estimated that the total pack for this year, when all returns are in, will be, in round figures, 1,900,000 cases. The nearest approach to this was in 1924, when slightly more than 1,700,000 cases were put up.

Blue Sky Laws Badly Needed

With better times now prevailing and business expanding in all directions, work plentiful and wages good, high pressure salesmen of stock in all manner of companies are again making a nuisance of themselves. Some of the propositions laid before people who have a few dollars to invest are sound enough; others are speculative to a degree, with the probabilities that any money invested will be lost, or, at best, will not be productive of dividends for years to come. The more glowing the prospects held up to the gaze of the innocent investor, the greater the possibility that the investment is a decidedly risky one, in fact, not an investment at all.

Unfortunately, it is an extremely difficult matter for anybody but an expert, or those who make it their business to keep fully informed, to distinguish between the good and the bad of the stock selling propositions presented to the general public. The only safe course to follow before making investment in any stock is to consult a banker or some reputable financial institution. It is better to be safe than sorry.

It is furthermore unfortunate that the company laws of Canada do not provide adequate protection of the public against those professional promoters of questionable stocks and so-called securities. Canada has reason to be proud of its financial system, but the Province of Ontario, the Dominion of Parliament has been badly negligent of its duty in that it has not provided safeguards against the people of Canada being victimized by persons and corporations offering questionable stock for sale to an unsuspecting public.

Some provincial governments have endeavored to protect their people only to have their best efforts largely defeated because of the refusal of the Dominion authorities to supplement those efforts. As a result thousands of Canadians every year are robbed of millions of hard earned savings.

For example, some years ago the Saskatchewan Legislature passed an act prohibiting the sale of stocks of any kind outside the Province, and the company offering the same first submitted their proposals to the Local Government Board and obtained the approval of that Board and its consent to the stock being offered for public subscription. Certain companies incorporated under Dominion charters challenged the right of the Province to so restrict their stock selling activities, and, upon an appeal to the courts, the Saskatchewan declaration invalid in so far as companies incorporated at Ottawa are concerned. The situation, therefore, is that any company holding a provincial charter and whose stock the Saskatchewan Local Government Board will not permit being offered for sale, has only to obtain Dominion incorporation at Ottawa to defy the Saskatchewan Legislature and sell any kind of stock it likes, good or bad.

It will be recalled that much the same situation existed when the Province first adopted prohibitory liquor laws. The Province could and did prohibit the retail sale of liquor, but they were powerless to stop its manufacture within their boundaries, and equally powerless to prevent it being brought into the province from other provinces or foreign countries, because this would be to interfere with trade and commerce which come solely within Federal jurisdiction. Public opinion, however, became aroused that the Dominion authorities were forced to bow before it, with the result that the law was amended to provide that where a Province adopted prohibition it became unlawful under Dominion law to ship liquor into that Province.

There is need for a similar enactment in relation to Company Incorporation. All that is needed is a very simple amendment by the Parliament of Canada to the effect that, where any Province passes an Act prohibiting the sale of stock in any company unless the same has first been approved by Provincial authority, such law shall be applicable to a Company incorporated under Dominion charter in so far as that province is concerned.

To the average citizen there would appear to be no insurmountable difficulty to the passage of such a simple and reasonable amendment. In fact, the average citizen would imagine that the Dominion Government would be just as anxious as Provincial Governments to protect their people from being victimized by unscrupulous company promoters and stock salesmen. The amazing thing is that, notwithstanding pressure from Provincial Governments, representations from reputable business organizations, strong editorial appeals by financial and other papers, the Ottawa Government declines to do anything, but allows a deputy minister at Ottawa to stubbornly block all efforts made to provide ample safeguards to protect Canadian citizens.

Representations have for some months past been made to our Provincial Government regarding the operations of one of these high pressure stock selling concerns, and the Provincial authorities have been powerless to do anything, but allow a deputy minister at Ottawa to stubbornly block all efforts made to provide ample safeguards to protect Canadian citizens.

And within recent weeks this very Company has been shown up in reputable financial journals as having secured over \$300,000 from Canadian citizens, of which considerably more than \$100,000 went into the pockets of a subsidiary company as "commission" for selling the stock. In fact, the parent manufacturing company has less than one dollar to show for every two dollars invested by the public. Not only so but the Company has never declared a dividend, and for every dollar's worth of goods it has manufactured and sold it has cost the Company five dollars to make the sale. Yet this Company is still being permitted to sell stock throughout Canada, and is doing so to unsuspecting people on the strength of rosy promises of big dividends to come.

It is high time that a certain cabinet minister at Ottawa freed himself from the influence of a reactionary and autocratic deputy head, and drafted legislation to be presented to Parliament at its next session upholding and supporting the Provincial efforts to put an end to this stock jobbing and legalized robbery, which today is a blot on the fair name of Canada.

Most men would be glad to pay a large income tax for the sake of having that kind of income.

It takes a man with a lot of brains to dispose of a gold brick.

Babies Cry For "Castoria"

Prepared Especially for Infants and Children of All Ages

Mother Fletcher's Castoria has been in use for over 20 years as a pleasant, harmless, subsaltine for Castor oil, Paracetamol, Teething Drops, Soothing Syrup. Contains no narcotics. Proven directions on each package. Physicians everywhere recommend it.

The genuine bears signature of

Chas. A. Fletcher.

Canadian Offices in London

Offices of Immigration and Trade and Commerce May be Combined

Hon. Robert Forke, Canadian minister of Immigration, and Hon. James Macleod, minister of Trade and Commerce, while in England this summer, will jointly consider the feasibility of combining in one building the branch offices in Britain and on the continent of their respective departments. It is understood. Such a procedure would eliminate duplication of premises and to a certain extent duplication of office staffs.

Mr. Macleod has already received indications that the allocation of \$100,000 for advertising Canadian goods in Britain will not go very far in making a widespread appeal. It is understood that one suggestion meeting favor is that when big English stores take a large space for general advertisement, Canada should pay a proportion of the cost for whatever amount of space calls attention specially to Canadian goods.

Pain In The Muscles, Stiffness In Joints, Quickly Subdued By Nervine

Those who have tested out numerous Nervine will agree that when something is needed to dispel a deep-seated, more or less chronic condition there is nothing to compare with Nervine. It is because Nervine penetrates so deeply, because it has about five times the strength of the ordinary cure preparations, that it is known as King over all Pain. For Rheumatic conditions, muscular aches and pains, Nervine works wonders. A trial proves this. Get a 50 cent bottle from your dealer today.

Canada's Gift to Australia

Maple Trees From Vancouver Island to be Planted at Canberra

Maple trees now growing in the woods of Vancouver Island will form Canada's gift to the Australian people when they open their new nation capital at Canberra this month. Under plans outlined by the Canadian Government, Premier Oliver is arranging for the shipment of a dozen island maples to Australia immediately. The trees will be planted in the grounds of the Canberra Parliament Buildings.

NO MEDICINE LIKE BABY'S OWN TABLETS

For Either the Newborn Babe or the Growing Child

There is no other medicine to equal Baby's Own Tablets for the ones—whether it be for the newborn babe or the growing child the tablets are always good. They are absolutely free from opiates or other harmful drugs and the mother can always feel safe in using them.

Concerning the Tablets, Mrs. John Armour, R.R. 1, South Monaghan, Ont., says: "We have three fine, healthy children, to whom, when a medicine is needed, we have given only Baby's Own Tablets. The Tablets are the best medicine you can keep in any home where there are young children."

Baby's Own Tablets are a mild but thorough laxative which regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fever; and make teething easy. They are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Breaking New Land

The Dominion Government, through the Land Settlement Board, has arranged for the breaking of 51 quarter sections of land north of Edmonton—the biggest single breaking contract in the history of the province.

Bill — "You said I haven't the brains of a fox."

Mac — "No, I didn't. I said you have."

HAD BAD SPELLS WITH HER HEART

Mrs. B. G. Hall, Bolton Centre, Que., writes: "Some time ago I had bad spells with my heart which I believe was caused by nervousness. I tried everything I could think of, but could get no relief until one of my friends persuaded me to get a box of

MILBURN'S HEART NERVE PILLS

After I had taken a few boxes I got wonderful relief.

I now weigh one hundred and thirty-five pounds where, before, I never went over ninety.

Price 50c. a box at all druggists or dealers, or mailed direct on receipt of order by The T. Milburn Co., Limited, Toronto, Ont.

Minard's Liniment for dandruff.

Survey of Hudson Strait

Objection is taken to the Term "Arctic" in Describing Conditions prevailing in the strait. The Arctic Survey of the Hudson Strait, conducted by the Canadian Press despatch of April 28, regarding the air survey of Hudson Strait on the ground that it describes the conditions of the strait as Arctic for most of the year.

In reply, J. F. B. Livesey, general manager of the Canadian Press, expressed surprise at the dispatch which he considered in the same complaint of, explaining that the use of the term "Arctic" in reference to weather conditions to be encountered in the strait, is used more in descriptive than a geographical sense. That the expression "Arctic," he says, has the sanction of the authorities, for Arctic winter and the Arctic zone are not necessarily confined to the Arctic circle.

In conclusion, Mr. Livesey says: "The object of the expedition is to report more fully than has been done hitherto on the period of navigation of Hudson Strait, and on those of us, in eastern and western Canada, who have faith in the Hudson Bay route, will look forward confidently to very encouraging results, which, however, may not be attained in the whole month without exposure to pretty rigorous climatic conditions."

Praises this Anthony Remedy. A grateful note of Dr. J. D. Kellogg, Anthony Remedy finds it the only relief for his thirteen years of help. Years of needless suffering may be prevented by using this remedy. It is simple, it is safe, it is pure, and it can be purchased anywhere.

A Puzzle for Scientists

Life Cannot Be Defined Says Prof. of London University

That a living organism is not to be differentiated from a non-living substance so readily as is commonly supposed was demonstrated by Professor J. C. Drummond, of the chemistry department of the London University, in a lecture on "The Chemical Aspects of the Nature of Life." The point he made was that differences in living organisms appeared to be traceable ultimately to differences in the proteins in the constitution of their cells, and that this might give a mechanistic aspect to many biological problems passing into the field of chemistry. Professor Drummond said one could not define "life," because we were not beginning to recognize that only the roughest differentiation could be made between the living and the non-living.

If they attempted to judge which phenomena were characteristic of the living and which were typical of the dead systems, they found that such characteristics as assimilation, respiration, growth, reproduction, irritability and movement were, collectively, typical of the living, and offered a rough and ready method of differentiation, though some of these characteristics might be shown by non-living systems.

Worms cause fretfulness and rob the infant of sleep, the great non-laborer. Mother Graves' Worm Expeller will clear the stomach and intestines and restore healthfulness.

Canadian Tobacco Abroad

Canada Sending Large Shipments to Great Britain

Canada is sending increasing supplies of tobacco to the West of England, according to the Trade Commissioner at Bristol. One organization has built a factory in Ontario, have its own buyers, and are packing the leaf, Canadian Turkey, to suit the English trade. Consumers in England are getting used to Canadian tobacco and with the Empire preferential duty, which amounts to 40 cents per pound less than the duty on foreign tobacco, increases quantities of Canadian Turkey will find their way to the United Kingdom.

When you hear a married man say that he hasn't made up his mind about a thing he means that he has not asked his wife about it.

For all pain—Minard's Liniment.

Governor of Rotary

T. A. Torgeson, of Estevan, is Elected District Governor

T. A. Torgeson, of Estevan, Sask., was declared elected as district governor for the coming year at the close of the first session of the fourth district of Rotary convention at Winnipeg. One thousand persons were in attendance.

Sounding the note of high idealism which characterized the objects of Rotary, past international president D. A. Adams, appealed for the embodiment of these ideals in the life of every Rotarian, in a stirring address.

The governor's report showed Red Deer, Alberta, to have won the George Locke trophy for attendance during the year, while Prince Albert club won the Osborne trophy for the largest percentage increase in attendance.

MacMillan Going North Again

Will Lead Expedition Into Arctic

Latter Part of June Setting sail from Weymouth, Maine, next June 28, Commander Donald B. MacMillan, Arctic explorer, will lead a new expedition into the far north to spend 15 months exploring and mapping uncharted Arctic wastes, the Field Museum of Natural History, sponsoring the expedition, has announced.

MacMillan will bring in preliminary reports and virtually unknown to science except as Naskapi Indians, he will be sought out and studied; the few all mountains of Baffin Land, a region of creature, or perhaps a new geological age swept down across part of North America, will be explored and studied.

Physicists Women's Prize

Miss Phyllis Gregory, of Vancouver, B.C., was announced recently at the meeting of the Toronto University Women's club, as the winner of the 1927 scholarship of the University Women's clubs of the Dominion.

The scholarship will provide Miss Gregory with a course at the University of London, London, England.

Although the man who marries a widow seldom says anything about his wife's first husband, there are times when he wishes he was still alive.

All that comes to him who waits is a request to move on.

Make it new with

DUCO

THE PUBLIC has been quick to appreciate the many advantages of Brush DUCO, and today hundreds of cars are being re-finished right at home.

You will be amazed at the ease with which DUCO can be brushed on your car and you will be proud of the work when it is finished.

We have issued an instruction folder which you can obtain from any DUCO dealer and it is advisable to read this carefully. You can't go wrong if you follow the simple instructions.

If the surface of your car is cracked or cracked, give it a coat of Flint Auto and Metal Surface before applying Brush DUCO.

Good dealers everywhere who supply you with Brush DUCO, DUCO Thinner, DUCO Polish No. 7, and Flint Auto and Metal Surface.

Look for this sign DUCO applied to

Transient advertisements to be paid for when ordered.

Display advertising rates on application at the office.

THURSDAY, MAY 12, 1927

EDITORIAL NOTES

Miss Agnes McPhail, Canada's only woman M. P., has denounced war. But still people get married. —Bassano Mail.

Some person dropped a little pocket book in this office. If the owner calls here he can get same. —Okotoks Review.

Which proves that at least some editors are honest.

A Chinese philosopher has said that any fool knew that one horse could run faster than another. Unfortunately for those who play the races, this wise man neglected to say which one.

While there's life there's hope! A Coleman old timer in discussing the weather last week, said he had resided here for high on to twenty years, and he had always seen at least a few days of summer each year.

In honor of the province of Alberta and the city of Calgary, the White Star line have named the two new steamers which will come into the Montreal trade this season the *Albertic* and the *Calgaric*.

Yes, sir, Old Sol surely was a welcome visitor on Monday after being hidden by snow laden clouds for eight days. It was a lucky thing he came out again when he did, otherwise Sunny Southern Alberta might have lost her reputation.

It is not a very creditable thing that a mayor of a city like Chicago should be elected on the basis of his anti-British ideas. Such a thing could have been understood a hundred years ago but as a twentieth century proposition it seems too childish to appeal to anyone.

PICTURESQUE CANADA.

The Journal is in receipt of a folding Calendar from The Howard Smith Paper Mills, entitled *Picturesque Canada*. It is indeed a work of art, and coming on the Sixtieth Anniversary of Confederation, pictures of Canada, from Ocean to Ocean, representing its characteristic scenery, it proves not only picturesque and appropriate, but also indicates in a measure the wonderful possibilities of our immense and fertile homeland.

Beginning with the Heart of the Empire and the Mother of Parliaments we cross the seas to one of the greatest links of the chain with which Britain has encircled the world. We see the beautiful Lake Louise in the Heart of the Canadian Rockies. The Capital city of Ottawa with its magnificent Gothic pile; Muskoka Lakes, the playground of Ontario. Scores in the West, thousands of miles beyond, where the foundations of mighty Provinces are being laid. The Rock City of Quebec where our life began, pictures of the Provinces on the Atlantic to the mountain Provinces on the Pacific, scenes that will make a strong appeal to all in sympathy with Canadian aspirations, and who have a desire to see, reproduced faithfully pictures of the land we love.

FREE ADVERTISING.

We have never yet thought a dollar's worth of bananas and asked that the bunch of bananas be thrown in for good measure; nor bought a yard or two of suitting and asked

that a suit be thrown in for good value; nor purchased a few dishes and asked that a whole dinner set be given us for business sake. But we have been asked to sell a small space of our advertising columns, and then requested to publish a "news item" which is pure advertising, and at regular rates, would be worth more by 10 times, the paltry sum paid for the display space.

But some people's ideas of good business are even more lofty than that. They apparently assume at the outset that a real ad. in the paper, for which they would have to pay, is worthless, but at the same time they hand us a lot of "dope" about their doings and intentions, to be printed gratis of course, that if paid for would run into a number of good hard-earned dollars.

Just what these people think a newspaper man lives on, is hard to estimate. They must think he is a sort of etherial being that requires but little of actual contact with cold cash for his sustenance. They never spend a dollar for letting the world know their wants or desires, and often do not spend even the price of a subscription to the paper. But, despite their evident belief that it doesn't pay to advertise, they would like to load up the columns with a great deal of "free matter" that costs just as much money for the newspaper to publish.

We have but two ways of getting revenue, viz. from advertising and from subscription. We want to do our full share of public and community work. We will boost for any good cause. But free advertising is certain sooner or later to put us on the sick list.

TRANSFORMATION OF COAL INTO OIL

Somebody or other has said that the twentieth century will be known as the "Oil Age." He had visions of oil supplanting coal, that is the elusive oil which is found in the bowels of the earth, and in whose search so much effort and enterprise are being expended. But if there is to be anything in the truth of an "Oil Age," it would seem that it will come not by the supplanting of coal for oil but by the transformation of coal into oil. This, as we have heard, is the forecast of Dr. J. C. McLennan. And the forecast visions the coal of Alberta going into its much sought markets in Ontario in the shape of liquid via a transcontinental pipe line.

When it comes to oil from coal, men have forecasted far more improbable things than this, and they have come to pass and no longer cause astonishment. If we believe in evolution it is the brain of man that is going through the evolution. We can take it that the body has been evolutionized practically to the last state, but the brain and mind are still marching on, with new fields to conquer.

Dr. McLennan, with the standing he has, is no mere dreamer when he speaks of the future of coal converted into oil. His forecast is based on what modern science is capable of doing, and modern science is at present only an infant. Oil from coal is not a conjecture; it is an established fact in the process known as the "hydrogeneration of coal." That process only remains to be commercialized, and it is not a wild dream when it is said that this will be effected in a few years. What will it mean to Alberta when our huge coal areas are solid-

ly recognized to be oil in blocks, waiting for the liquidifying process? The imagination boggles at the immense possibilities this visions. With what the future holds in store for us we can bear with equanimity the number of failures to locate oil wells in Alberta. The oil wells are here without a doubt disguised in our coal beds. We speak of coal as "black diamonds." But we shall have to invent a new word to express its richness when it becomes the fountain of oil, for coal which can be commercially transmuted into oil will be of far more value than many diamonds. And with this accomplished there will be removed the vexed question of freight rates for our coal east.—*Leitchbridge Herald*.

Wit and Wisdom.

The Skirllet

When the grass with dew is wet, Little skirl, you need not fret; Up above it you're so high

That you can't help keeping dry

It is no trouble at all to commence a job. It is the fellow who finishes it that succeeds.

Since doctors say that women are too weak for housework and as the men are not strong for it, what are we going to do about it?

Success looks bigger when you are chasing it than after you catch up with it.

Maybe one reason for the flaming youth epidemic is that the new fashioned razors don't require the old fashioned razor strop.

The nose needs exercise, says a doctor. But not from sticking it into other people's affairs.

Bishop Sherman is Chief "So-Tai-Na"

On his recent visit to the St. Paul's Indian school near Cardston, Bishop Sherman, of Calgary, was made a chief of the Blood tribe and received the tribal name of "So-Tai-Na," meaning "The Dew from Heaven." The tribal induction was performed by Chief Mountain-horse. The Bishop's standing in the tribe is honorary, however, for he will not get in on the distribution of the treaty money.

LEADS ALBERTA GIRLS

Miss Mabel Nix, who graduates this year from the University of Alberta, will shortly begin her work as girls' work secretary for the Frontiers of Alberta under the National Girls' Work Board. A former member of the Canadian Girls in Training, Miss Nix has had considerable experience in directing conferences and provincial camps, and has been a leader in the religious life of her university.

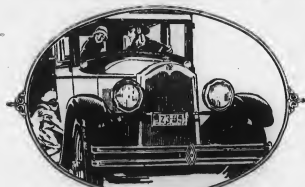

Here and There

In the year ending June 30th last, 9,407 mining claims were staked in the Province of Quebec, covering an area of 435,000 acres, according to a preliminary report. This is an increase of 83 per cent. over the year before.

Tobacco growing is becoming a serious business proposition in the vicinity of Kelowna, B.C. Two hundred acres will be planted out at Keremoss, Cawston, Oliver and Osoquod next year, while the acreage at Kelowna will also be increased.

Nova Scotia's wolf population is of large dimensions, no less than 50,000 skins having been shipped out of this province as furs in the last year. They form a substantial source of revenue to trappers in the wilds.

Nova Scotia breeding hens are beginning to attract the attention of Great Britain. John R. McMullen, of this city, has just shipped to Chivers and Son, Cambridge, England, four barred Plymouth Rock cockerels. This is the second shipment of breeding stock made to this firm.

Not in a PRICE Class but in a VALUE Class

McLAUGHLIN-BUICK stands alone—not in its price, which it shares with others—but in its VALUE, which it shares with none.

During the past nine years the public of this continent has invested more of its automobile dollars in McLaughlin-Buick than in any other make of gear-shift car.

And McLaughlin-Buick, true to its purpose and promise, has constantly striven to improve its quality—to better its value. The economies effected through McLaughlin-Buick's volume of sales have been utilized to enrich still further the quality of the car—by such improvements as the Sealed Chassis, the Torque Tube Drive, Mechanical Four-Wheel Brakes, an Engine Vibrationless Beyond Belief and the increased luxury and refinement of McLaughlin-Buick Fisher Bodies. McLaughlin-Buick is today, as always the ONLY car in its value-class. MF-2316

HOW FARMERS HAVE BENEFITTED BY WHEAT POOL

Kansas City, Mo.—Benefits which have accrued to the farmers of Saskatchewan through the formation of the Saskatchewan Wheat Pool were outlined to the international wheat pool conference here by Premier James G. Gardiner of Saskatchewan, in a speech which was well received. The Premier also suggested that the pooling system might be of great benefit in other parts of the continent.

"Measured by cost of shipment and percentage of crop which is exported, Saskatchewan is farther removed from the market than any other wheat growing area in the world. We are one of the great wheat producing areas. The province of Saskatchewan has produced as much as 21,000,000 bushels of wheat in one year with a population of 800,000 and an average of 17,000,000. That is an average of 21 bushels per acre or 310 bushels per head of population. Of that amount, 21,500,000 bushels was exported from the province, the greater part of it going to Liverpool. The total exportable surplus of the United States during that same year was 155,000,000 bushels. With our 800,000 people we produce more than one-half of all the wheat grown in the Dominion of Canada and every bushel of it is hard spring wheat.

"About 80 percent of our farmers produce the same grade of wheat. Our average is shelled up in the contract wheat pool. Ever since the wheat pool was formed I have marketed all my own wheat through the pool. The Government has signed up the institutional farms in the pool, in other words, our people are sold to the contract pool and their Premier and Government agree with them that it is necessary to bring about prosperity within our province.

"Whether the wheat pool remains the permanent method of marketing our wheat or not, it has proved a God-send in the form of a steady influence in the province of Saskatchewan. It has caused us to look into the future with a renewed optimism, and a spirit based upon the confidence inspired by having done something worth while for ourselves."

Regain Nationality By Year's Residence

Special Provision for Canadian Born Persons Naturalized in States

Ottawa.—Canadian born persons who have been naturalized in the United States and have returned to Canada may now be readmitted to British nationality after one year's residence in the Dominion.

Former Canadians, however, must furnish convincing evidence of their intention to reside in Canada by the acquisition of property in this country and by the submission of an affidavit or statement that they propose to stay here.

This is the gist of an order-in-council making a special provision in respect to Canadian born persons who have become naturalized in the United States.

Under the old provision of the Naturalization Act, five years' residence in Canada was a requisite before re-admission to British nationality could be granted.

Will Attempt Return Flight

British Airman Plans Transatlantic Trip in Ordinary Seaplane

London.—The Evening News says that within the next few weeks one of the best known British airmen will attempt to fly to Canada and back in an ordinary seaplane.

Besides two pilots and a navigator, the plane will carry a passenger who will pay his own fare.

It will be the first east to west air trip between Europe and North America, the first return flight and the first passenger-carrying flight, the paper says.

The outward trip will be by way of the Azores, where the plane will refuel. The return from Montreal will be direct to England.

The name of the airman is not given and the paper says all plans are being kept secret.

Consul General to Retire

Ottawa.—Hon. John G. Foster, United States consul-general at Ottawa for more than 23 years, is retiring July 1 of this year. It was made known here, it is understood, his successor has been selected, but no public announcement of his name has yet been made.

W. N. U. 1450

Canadian Press Offices

Directors for Ensuing Year Elected at Toronto Meeting

Toronto.—The annual meeting of the Canadian Press held here, elected directors for the ensuing year as follows:

Montreal—W. H. Dennis, Halifax Mail; Howard Robinson, St. John Times-Globe.

Ottawa and Quebec—Henri Gagnon, Quebec Radio; John Scott, Montreal Star; E. Norman Smith, Ottawa Evening Journal; H. W. Anderson, Toronto Globe; W. J. Wilkinson, Toronto Mail and Empire; W. H. Preston, Brantford Express; A. R. Ford, London Morning Free Press.

Montreal—E. H. Macdonald, Montreal Free Press; M. E. Nichols, Winnipeg Tribune.

Saskatchewan—Burford Blakey, Regina Leader.

Alberta—J. H. Woods, Calgary Herald.

British Columbia—F. J. Bard, Vancouver Province.

At a subsequent meeting of the newly-elected board of directors, officers for the year were re-elected as follows:

Honorary president, P. H. Macklin; president, J. H. Woods; first vice-president, John Scott; second vice-president, Henri Gagnon; general manager and secretary, J. P. B. Lively.

Cattle Law Not Authorized

British Cattle Men Protest to Government Against Delay

London.—A number of resolutions passed by borough committees, protesting against the delay in authorizing importation of British cattle from the United States, have been received by the Government.

This was the reply to questions in the House of Commons made by Sir Harry Burton on behalf of the Minister of Agriculture.

Sir Harry further said the minister had not the slightest intention of altering his decision not to permit the admission of non-regulated breeding cattle from Canada.

The questioner referred to the opinions of Chief Medical Officers and chief veterinary officers to the effect that it is very dangerous to introduce Canadian cattle to Britain, because they were much more prone to tuberculosis than British heifers. Another member asked whether the understanding reached at the 1929 international conference was that the only cattle to be imported were fat cattle for slaughter, or pedigree stock and not cows and heifers.

Season Late in B.C.

Fruit and Vegetable Growers Are Worried Over Weather Conditions

Vancouver.—The Province says: "Lateness of the season is beginning to cause uneasiness among fruit and vegetable packers."

It is pointed out that last year they began packing gooseberries during the first week in June and continued afterward with cherries and then strawberries.

"This season, with nearly a week of May gone, there is practically no progress being made in the development of the fruits. Little growth has taken place inside the past month and even though warm weather were to come immediately, the ripe crop would not be available until toward the end of June."

"The lateness of the vegetable crop is being viewed with the same concern and fears of low yield."

More Letters Written

Reduction in Postage Rates Increases Volume of Mail Matter

Ottawa.—The establishment of penny postage in Canada has had the effect of cutting down the revenues of the Post Office by about 10 percent, but also of increasing the volume of mail matter.

The revenue from letters prior to the reduction on July 1 last was roughly \$15,000,000 per year. The reduction from three to two cents applied to the same volume of business would therefore cut the receipts by \$5,000,000. The showing, however, promises to be much more favorable.

Re-opening Rheims Cathedral

Paris.—The Rheims Cathedral is now completely restored and will reopen for religious services on Ascension Day, May 26. It is announced.

Solemn high mass will be conducted by Cardinal Luçon, in the presence of a delegation from the committee which administered the gift from John D. Rockefeller, Jr., and the British and Danish committees who contributed financially to ward the reconstruction work.

Whaling Fleet Prepares

North Pacific Fleet Conditioned for Season's Operations

Victoria.—The North Pacific whaling fleet is now being conditioned for the summer's hunting expeditions off the coast of Vancouver Island and Northern British Columbia and by the middle of May all the vessels will be at sea, scouting for the giant mammals.

Early in May four of the little alerted steamers of the Consolidated Whaling Company's fleet will leave port for Rose Harbor, the base of the whaling operations at Queen Charlotte Islands, and a few days later the Naden harbor station will be opened with two more craft operating out of that port.

Begin Hike Around World

Second Trip For New York Man Will Occupy Ten Years

New York.—Marcel Barone, hiker, who has made one journey around the globe afoot started another, accompanied by a shepherd dog.

Barone hiked from 1912 to 1927 to make his first trip. He plans to spend 10 years on the second. Man and dog carry packs on their backs and sleep in the open every night. The dog wears shoes.

They will go first to Canada and thence to Alaska, traversing China, Japan, India and Persia, not returning until they have visited every country in the world. Barone will work his way across oceans.

DEBT PAYMENTS HEAVY DRAIN ON GREAT BRITAIN

London.—Expressing great misgivings because of the divergence of opinion and estrangement of sentiment growing up in regard to the war debts, the British Government in a note to the United States, challenged the accuracy of the statement of March 17 by Andrew W. Mellon, secretary of the United States treasury, that Great Britain, not repayments to the United States will not constitute a drain on British economic resources.

Citing what the British Government regards as errors and inaccuracies in Mr. Mellon's statement, the note expresses "trust that the United States Government will take steps to remove the unfair impression that has been created" by the issuance of Mr. Mellon's statement.

The note, which was delivered to Secretary of State Kellogg, by H. G. Clifton on behalf of Ambassador Howard, who is absent from Washington, takes up the specific position of Great Britain on war debts as mentioned by Secretary Mellon in a letter to Dr. John G. Hibben, president of Princeton University in reply to a statement by Dr. Hibben to 115 members of the Princeton faculty. This latter statement endorsed the open letter of the faculty of political science of Columbia University, recommending reconsideration and revision of the debt settlement made with the former allies of the United States.

The note, which was delivered to Secretary of State Kellogg, by H. G. Clifton on behalf of Ambassador Howard, who is absent from Washington, takes up the specific position of Great Britain on war debts as mentioned by Secretary Mellon in a letter to Dr. John G. This latter statement endorsed the open letter of the faculty of political science of Columbia University, recommending reconsideration and revision of the debt settlement made with the former allies of the United States.

GOVERNOR-GENERAL VISITS WINNIPEG

His Excellency Viscount Willingdon, Governor-General of Canada, made his first official visit to Winnipeg on Saturday afternoon, April 23rd, and received an enthusiastic reception from thousands gathered in front of the station of the Canadian National Railways and lining both sides of the route along Main Street to the City Hall.

The photograph shows the viceregal party on the platform of the station immediately after the arrival of the train. From left to right these in the group are: Viscount Willingdon, Lady Willingdon, and His Honor T. A. Burrows, Lieutenant-Governor of Manitoba.

PLAN EXCHANGE OF GREETINGS FOR DOMINION DAY

Ottawa.—Acting on behalf of the national committee for the celebration of the jubilee of Confederation, Right Hon. Senator George P. Graham, chairman, is arranging for a unique exchange of greetings, which will serve on July 1 to emphasize the unity which exists throughout the Dominion. The committee in the first place urge that on the morning of Dominion Day, wherever celebrations are held, the message of His Majesty the King shall be read. In addition, Senator Graham has suggested that the Lieutenant-Governors exchange greetings with each other, and that there shall further be an exchange between Premier King and the Premiers of the nine provinces of Confederation.

In order that the chain of greetings may be complete it has also been suggested that the Lieutenant-Governors exchange greetings with each other, and that there shall further be an exchange between Premier King and the Premiers of the nine provinces of Confederation.

It is in order that the chain of greetings may be complete it has also been suggested that the Lieutenant-Governors exchange greetings with each other, and that there shall further be an exchange between Premier King and the Premiers of the nine provinces of Confederation.

Moslem Women Revolt

Fifteen Thousand in Parade Burned Veils in Public Square

Moscow.—Thousands of Moslem women in Russia Turkistan seized the May Day celebrations as an opportunity to declare a revolt against the tyranny of the veil, say editors received from Samarkand.

Fifteen thousand women paraded unveiled in Samarkand. At Tashkent, in the presence of 25,000 persons, the defiant women threw their veils in a heap in the public square and burned them amid cheers and groans from the spectators.

At Khokland 150 veils were burned.

Cruiser and Subs for Sale

Formerly Part of Canadian Navy Are Now Obsolete

Halifax, N.S.—Tenders are being called by the Dominion salvage office for the purchase of I.M.C. cruiser Aurora, and two submarines, Nos. 14 and 15, now considered obsolete, formerly a part of the Canadian navy. The cruiser and submarines have been laid up at the dockyard here for some years, and are now thrown open for the inspection of prospective purchasers. Tenders close on May 30. The Aurora and the two submarines were presented to Canada by the admiralty shortly after the conclusion of the war.

Goos to Privy Council

Victoria.—Decisions of the three Canadian courts declaring the British Columbia fuel oil tax unconstitutional will be appealed to the Imperial privy council by the provincial government in July. It was announced today. Leave to take the case to higher court in the British Empire was granted by the Privy Council this morning.

WEDDED TO HIS POST

Premier Ferguson of Ontario Has no Designs on Federal Office

Cookville, Ont.—"I have no designs on any public position," Premier Howard Ferguson stated in an address here to Peel County Conservatives gathered in compliment to Colonel T. L. Kennedy, member of the Legislature, and Sam. Charters, member of the Dominion House.

The Premier made the statement, so he said, to all the suspicions of the "accused" young gentlemen of the press, who had read in recent speeches of his the "wicked purpose" of making overtures to Ottawa.

Later in his address the speaker made another reference to the subject. Following a review of his policy of making "new men from wayward boys," and of making life brighter for the youth born under physical handicaps, the Premier added:

"Things like these are what we need to the Province of Ontario and its service, instead of seeking wild fields where I would not be as happy and contented."

Will Set Fruit Prices

Bellogg Method of British Columbia Board Should Benefit Consumer

Winnipeg.—Prairie housewives will pay no more for their fruit this year than in former seasons, declared P. M. Black, former provincial treasurer and now chairman of the board of control, which will fix minimum prices for all British Columbia fruits and vegetables and issue licenses to shippers. Mr. Black, who has just returned from the Coast, said the scientific method of selling under the British Columbia board should benefit the consumers. The growers of the Coast were solely behind the new scheme, he said, since they believe it offers a way out from their difficulties caused by years of disorganized marketing.

Developing Idea of Universal Insurance

Vancouver Liberal Believes System Will Soon Be Leading Plank of Party

Vancouver, B.C.—Prediction that with a short time the outstanding policy of the Liberal party of Canada will be a scheme of universal public insurance covering not only old age pensions but also maternity benefits, invalidity, accident and unemployment, was made by Captain L. A. McKenzie, M.L.A., in addressing the Vancouver South Liberal association. The foundation for such a policy had been laid by Sir Richard Cartwright many years ago with such an annuity scheme, he said. The leaders of liberalism in Canada had since developed the idea until the logical outcome must be a universal insurance scheme.

HON. J. A. ROBB STARTED LIFE AS A MILLER'S BOY

Kingston, Ont.—Hon. J. A. Robb, Minister of Finance, today in a mood of confessions. He told the students of Queen's where he received the honorary degree of LL.D.—how narrowly he escaped becoming a preacher and how, as a miller's boy, he once took toll of the farmers' grain.

"At the age of 16," said Mr. Robb, "I was foolish enough to leave the high school, after refusing the very kind offer of my father's friend, a clergyman, who, having no children of his own, offered to pay all my expenses through Queens, providing I would agree to enter the ministry and become a preacher. But I did not want that, feeling then as I do now that I was not good enough to preach the gospel to others. And so I left the farm with its comforts, its joys, its drudgery and its great independence, to learn a trade and make a living as a dusty miller."

Mr. Robb turned the pages of an other chapter. "During the first years in the mill," he went on humorously, "my duty was to sweep the floors and oil the farmers' rigs. Now my duty is to tell the taxpayers of Canada and sweep in all the taxes they can't dodge."

Mr. Robb urged that in their studies of national problems, the students of Queen should study human nature more than geography and statistics.

He pressed that national unity was the special duty of Jubilee year, that all should work for a greater and more united Confederation—a Confederation not of land but of people.

UNITED STATES IS PREPARED TO AID AGRICULTURE

at low rates of interest payable over a long period—25 or more millions from the federal government for co-operating marketing of grain—

that was the altruistic picture presented by William Jardine, federal secretary of Agriculture, in his address before the international wheat pool conference banquet here. The delegates cheered the remarks wildly.

"Whenever you are ready and know what you want, come to Washington and ask for 25 or more millions at a low rate of interest to be paid back over a long period of years so that you do not have to go to the banks and sign a note. You will have no trouble in getting it. Do not worry, but come to Washington," he urged them.

These were the words of the head of the agricultural department of the United States Government. Further he continued:

"I say to you this administration is anxious to help you but you must know where you are going and what you want."

Of you can see what progress our friends in Canada have made. We at Washington are willing and anxious to help you solve your problems but don't talk of a world wheat pool selling agency until you set your house in order. You have done complete access to all the machinery the Canadian pool members have worked out. You can profit by their experience. This is the message I bring you from Washington tonight."

Want "First Canadians" To Help Celebrate

Indians and Eskimos Will Take Part in Jubilee of Confederation

Ottawa.—It is anticipated that Indians and even Eskimos will in many centres of Canada take a prominent part in the forthcoming celebration of the 60th anniversary of Confederation. All applications from local committees for participation by the Indian people will be conducted by the department, it is said.

Excepting in the form of a steady influence in the province of Saskatchewan. It has caused us to look into the future with a renewed optimism, and a spirit based upon the confidence inspired by having done something worth while for ourselves."

Heads Grain Board

Leslie H. Boyd Appointed for Another Period of Ten Years

Ottawa.—On the recommendation of the Minister of Trade and Commerce, the Government has appointed for another period of ten years Leslie H. Boyd, K.C., as chairman of the Board of Grain Commissioners with headquarters at Port William.

Mr. Boyd's salary is fixed at \$10,000 per year. Before going to that position in 1917, Mr. Boyd was a prominent lawyer in Montreal.

Some efforts to have him replaced by a western politician were made some weeks ago, but were not entertained and the reappointment was not unexpected.

B.C. Horses for Russia

Victoria.—British Columbia horses will be shipped to Russia shortly under plans announced by Russian purchasers who arrived in Kamloops to cluster with local horse breeders. Several thousand animals will be bought by the Russians in this province if this number can be secured. They will be shipped via Montreal.

Barley Escapes Train Wreck

Saville, B.C.—A new situation after the royal train bearing the Prince of Wales and the Spanish sovereigns to Madrid had passed the point, a train wreck occurred at the station of Palm Hill. Two persons were killed and four injured when the Andalusian express collided with a freight train.

Here and There

Hamilton's air port comes into operation May 1st. The property used is four hundred acres in extent. A large hangar is being constructed and the old homestead on the property will be remodelled as an aviation boarding school.

Driven by over-population to eating bark of trees and scavenged from the ocean, the wild goats of Gueloupe Island are changing their habits and, in some respects, their form. They are learning to climb trees in search of foliage.

According to recent game regulations in the Province of Alberta, prairie chicken, grouse, partridge, greater and lesser yellow legs, black breasted and golden plover, are now on the protected list, while the ban on Hungarian partridge, north of the North Saskatchewan River, has been lifted.

It has been announced by Premier Ferguson, of Ontario, that the Government proposes to foster the creation of an industrial research institution with an endowment of \$2,000,000 for the purpose of solving scientific problems of production and process for Canadian industries.

While on a tour of the Maritimes recently, Dr. F. T. Wahlen, chief of the seed branch of the Department of Agriculture at Ottawa, was of the opinion that a great deal more of the seed used in these provinces should be grown on their own farms. The seed is very hardy, he declared, and, with proper care, a market could be established in the northern states of the Union, and the crop profitably disposed of.

The versatility of the seaplane was amply demonstrated recently. C. F. Tennafoss, a Swedish sea captain, with urgent business in Shanghai, was taken from the Canadian Pacific Toronto Express at Mission City, B.C., and rushed by seaplane to the outer wharf at Vancouver, where he caught the flagship of the Canadian Pacific fleet, the "Empress of Canada" for the Orient. The seaplane was landed on the Fraser River within easy reach of the depot.

The season for bass fishing in Ontario, with the exceptions of the St. Lawrence and the Ottawa Rivers, has been shortened this year by about a fortnight, opening July 1 and ending November 20, according to information given out by the tourist department of the Canadian Pacific Railway. This action was taken by the Ontario Provincial Government when it was found out that bass had not finished spawning when the season opened June 16 in previous years. The same ruling applies to muscalunge fishing in Ontario this year.

Canada is sending increasing supplies of tobacco to the West of England, according to the Trade Commissioner at Bristol. One organization has built a factory in Ontario, have their own buyers, and are packing the leaf, Canadian Buryley, to suit the English trade. Consumers in England are getting used to Canadian tobacco and with the Empire preferential duty, which amounts to 48 cents per pound less than the duty on foreign tobacco, increased quantities of Canadian Buryley will find their way to the United Kingdom.

In token of the fact that this year is the Diamond Jubilee of Confederation in Canada, E. W. Beatty, Chairman and President of the Canadian Pacific Railway, has extended a personal invitation to Miss Hortense Cartier, only surviving daughter of Sir George Etienne Cartier, one of the Fathers of Confederation, to take part in the trip across Canada organized by the University of Montreal under the auspices of the Canadian Pacific, to start in July. Miss Cartier, who in her 78 year, has accepted, and it is expected that she will visit Sir J. A. MacDonald, son of Sir John A. MacDonald, north of the Pacific, and visit the St. Patrick's Cathedral at St. Louis.

It has been mooted that the Elk lodge at Coleman, Blairmore and Pincher Creek, stage a monster picnic at some point in The Pass during the month of August. This is a splendid suggestion and will no doubt find favor amongst the entire Elk herd in The Pass.

The front of the Morrison block on Main street is undergoing alterations this week. A show room to display three cars has been made on the left of the entrance, while the office quarters have been moved to the rear of the front part of the building. A new service tank is being erected in front and motorists will now be supplied with gas, oil and air at the front station. This is a decided improvement and will be a great convenience to carowners.

KIMBERLEY, B. C., May 6.—A party of students from the University of Alberta has been visiting Kimberley this week for the purpose of going over the mine and concentrator there. Prof. C. P. Pitcher has had the party in charge. While in Kimberley they were entertained at the formal opening of McDougall hall last week-end, and were also at Warren hall.

Friends of the Boy Scout movement are asked to remember the whist drive in St. Alban's hall next Tuesday evening, given under the auspices of the Coleman Boy Scout Association. Six splendid prizes are to be awarded the winners and refreshments will be served. Cards at 8 p. m., admission 50c. Come on out!

In order that a more intimate knowledge of the Canadian Pacific Railway shipping terminals in the vicinity of Montreal might be gained, over 150 traffic representatives of the various industrial concerns in the district were the guests of the C.P.R. in a recent tour of the various terminals. West Montreal, Adirondack Junction, Mile End, East End cattle markets, Angus Shops, Hochelaga and Place Viger were among the terminals inspected by the manufacturers.

The S.S. "Emperor of Port McNicoll" now undergoing overhauling at the Vicker's Yards in Montreal, will be re-named the "Nootka" and placed in the British Columbia Coastal Service, according to C. D. Neroutos, assistant manager of the Service. The vessel will sail for St. John's, Newfoundland, and thence to Sydney, N.B., where she will load with 2,500 tons of steel and proceed to Vancouver via the Panama Canal. This will be the first trip of the "Nootka" under Canadian Pacific ownership.

Board of Trade Meeting

(Continued from Page One)

draft a suitable envelope with suitable advertising matter thereon, and have 500 of these printed.

Re. Meeting of Mining Congress: Moved by Mr. McBurney, seconded by Mr. Rippon, that the Secretary write a letter to Mr. Lewis Stockell, President of the Canadian Institute of Mining & Metallurgy, inviting the Mining Congress to step off at Coleman on their coming visit to the West.

There being no further business to come before the meeting, upon motion of Mr. Whiteside, seconded by Mr. Rippon, the meeting adjourned at 9 25 p. m.

An addition to the Coleman First of July Sports program, that would please all boys, would be a kite flying competition.

Forest Ranger Boulton has recently received a nice combination car and light truck from the Forestry branch of the Dominion government to assist him in carrying out his duties of District Forest Ranger.

BELLEVEUE, May 4.—Dr. Key left recently for Innisfail where he will practice in the future. His family are still living here and will do so until after the mid summer holidays.

The dance in the Opera House last Thursday evening, given by the Shamrock Hockey Club was well patronized, especially by out of town people, and proved to be one of the most enjoyable of a series held by the local lady pucksters. The local hockey girls are selling tickets for another dance which takes place on May 21st, and as the object of these dances is a worthy one—to uphold Coleman's hockey reputation at Banff Carnival next winter—local supporters of the Club who dance should make a special effort to attend these affairs.

General Change in Train Service Effective

Sunday, May 15th, 1927
